Terminal Disclaimer

1. The terminal disclaimer filed on 02/07/05 disclaiming the terminal portion of any patent granted on this application, which would extend beyond the expiration date of U.S. Patent No. 5,910,809 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Reasons For Allowance

2. The following is an examiner's statement of reasons for allowance: Claims 11, 27, 43, 59 and associated dependent claims are patentable over the prior art patents and printed publications because of the specific configuration of the piezoelectric elements as well as the arrangement of the vibration plate with respect to the piezoelectric element array, wherein a plurality of piezoelectric elements are formed by cutting into divided pieces a piezoelectric plate at predetermined widths obtained by a lamination of at least two layers of piezoelectric material and at least two layers of conductive material stacked alternately in layers, wherein the formed array of the plural piezoelectric elements are fixed at one end to a base, the other end of each of the piezoelectric elements in the array being free ends, which are in opposition to respective ones of the nozzle apertures, and wherein the vibration plate is interposed between the nozzle plate and the piezoelectric element array and driven by the piezoelectric element array so as to eject the ink droplets in the same direction as the main vibration direction of the vibration plate. The combined limitations are not taught by the prior art of record alone or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hai C. Pham whose telephone number is (571) 272-2260. The examiner can normally be reached on M-F 8:30AM - 5:30PM.
